

FISH COMMITTEE MEETING

August 4, 2005

The meeting was called to order at 7:10 with the following in attendance:

Joe Harper, Wally Raduns, Jim Hibsich, Orv Bergsmith,
John Scaduto, Mike Mazzaroli, Ron Dobrunz, Ken
Anderson, Jeff Folkerts, Roger Willer, Don Skadow, Joe
Froelich and Walter and Dianne Postelnick

The July minutes were read and a motion to accept the minutes was made and seconded.

OLD BUSINESS

Most people came back for seconds so we assumed the breakfast again was a success. Wally couldn't keep up with the coffee, we ran out of cups but because of the additional new grill, it wasn't necessary for people to wait in a line to be served. Next year Wally expects to have 6 separate circuits for the coffee. Coolers should be kept closer to the food so that when needed they will be right there. It was also suggested that the coolers be marked with what they are holding. Wally was the victim of an accident but made a remarkable recovery.

The **fish fry** that the club is planning for September will be on Thursday, the 8th. There will still be a meeting on the 1st Thursday when final plans will be ironed out. Orvin promised to have enough fish for all and the men are all willing to pitch in to cook, etc. Spouses and any children at home are invited to the dinner along with former active members.

After the meeting with Security regarding Lake Patrol, it was mentioned that we need a Captain of the Guard. Discussion was held on the floor regarding lake security and it was asked whether we can get a schedule of when they go on the lake. The members were then asked to leave their name at the office to let lake security know of our availability. Gary Wilke requested a list of people who would be available to check fishing boats coming in off of the lake. Gary will provide members proper identification to wear when stopping people at the marinas.

It seems that there will be enough plastic bottles for the **breakfast**. The workers were reminded to bring a hat to be worn and also plastic gloves will be provided.

~~Food will be kept warm by using stereo cans that have been modified by Wally. The money and the tickets will be handled by Frank and Geri Ascuitto. It was suggested by Marty to not turn away any people who would like to help. Wally~~

will have everything ready to satisfy the Health Department. .

NEW BUSINESS

The Lake Weeds that have been annoying many people this summer should be diminishing within a few weeks. Wally suggested a way to rid the weeds from our boats while on the lake. Wally mentioned that many of these weeds were brought in by boats from other lakes, that is why it is important to clean the boats, as well as the trailers before entering the lake.

Lake Dredging is not possible this year but is on the agenda for the meeting of the Lake Planning Committee. The lake is currently down 12”.

A motion was made and seconded to adjourn the meeting at 8:00.

Respectfully submitted,

Dianne Postelnick
Joe Harper
