

Minutes from Fish Club meeting Friday, June 6, 2008:

- Balance at \$5126.96
- Joe and Ken christened the new grill with beer brats. Everything worked well except for the auto-ignition button. Later it was discovered that a battery is needed under the button.
- Attendance at the Cook-out was disappointing but there were a few new faces and there were no complaints about the food or beverages.
- There were a few people who volunteered to help with the Breakfast but more are needed.
- Plans were made to start dropping the new porcupine cribs. Tom volunteered to help Jeff.
- Lots of talk about fishing rules & guests. A motion was made requiring Members to accompany Guests while ice-fishing after dark. The vote carried unanimously.
- More discussion on Guest rules will carry over to the July meeting. Jeff will hopefully gather more feedback on the website.

Respectfully submitted,

Jeff Folkerts
