

Minutes from Fish Club meeting Thursday, September 4, 2008:

- More cribs need to be dropped. Jeff and Tom will try to get it done this year.
- Stocking was discussed and Wally is looking into it.
- Printouts of current signs were displayed. Discussions took place about new signs and comments were that fishing license requirements should be on signs.
- Security ticketed Dick Bonaguro , Lot #217, and one of his guests for being 31 fish over the limit on panfish. Fine was \$775 and paid within 3 days. Records show that the perpetrator's guests never have purchased daily or yearly LSA fishing permits.

Respectfully submitted,

Jeff Folkerts
